

intraKID[®] Protocols

Applies to all protocols: Follow dosage with plenty of non-chlorinated or filtered spring water. For best results, do not take within 2 hours of pharmaceuticals, over-the-counter drugs, or other dietary supplements.

Maintenance Protocol (children 4 years and over):

Take 1 fl oz per day, six days per week on an empty stomach.

Performance Protocol (children 4 years and over):

Take 1 fl oz of intraKID[®] in the morning on an empty stomach and ½ fl oz of intraMIN[®] in the afternoon at least 30 minutes before or after food.
